The professional choice for UK window installers

QFORT®

Windows & Doors

Optimise your profit margin

industry leading **1.2 million sq ft** European factory
with the latest in semi automated technology
delivering premium aluminium windows & doors
at fair prices

QFORT UK Ltd

Our West London showroom, Bicester Distribution Centre and a UK-based team of account managers, service engineers, and logistics teams are on hand - because our **Partners are our priority**

Unlike typical fabricators, we build our windows from **the ground up**

From powder coating semi-profiles, to rolling in the thermal break. We control every aspect of production from CNC milling, to laser cutting, to automatic crimping and hardware assembly.

Engineered to Last is a reality - not just a slogan

Always in stock, because we control our own destiny

Our smart warehouses store
100,000 aluminium profiles at any given time.
Ensuring we are ready to produce and always on time,
regardless of order volume

Extraordinary is ordinary, and Colours is our thing.
Whether bicolour or special RAL, our vertical powder coating line delivers

Scratch resistant paint and seaside use as standard

QUALICOAT

QFORT goes beyond joinery
We produce **14,000 glazing units per week**
using Saint-Gobain glass

Every window and door is delivered fully glazed
